Kensington

BlackBelt 1st Degree Rugged Case for iPad® Air

The Best Value in Tablet Drop Protection

K97064WW

Product Description

The iPad Air has quickly become a big hit with educators around the world. Unfortunately, as great the iPad Air is at opening up a new world of learning possibilities, it's just not built to survive the heavy handling of a classroom. That's why we designed the Kensington BlackBelt 1st Degree Rugged Case, which meets military-grade testing. It surrouds the iPad Air in a strong, cushioned layer of rubber for great shock absorption when the inevitable drops and bumps happen. The rubberized surface offers great grip so it's easy for kids to hold onto and prevents the iPad from sliding off a table or desk. All these features not only protect your investment, but also your greatest asset — learning time.

One part of the iPad that's particularly vulnerable is the corners, so the BlackBelt 1st Degree Rugged Case is designed with extra thick corner protection. There's also a raised bezel that protects the iPad screen from scratches, and the included back protector offers additional insurance against scratches.

Even with all this protection, the BlackBelt 1st Degree provides access to all iPad Air ports, controls and cameras, and makes charging and syncing easy.

Retail Packaging Information

Depth	11.5"
Width	6.75"
Height	0.5"
Gross weight	0.75lbs
UPC#	085896970644
Unit quantity	1

Master Case Information

Depth	12.25"
Width	7.75"
Height	4"
Gross weight	2.75lbs
UPC#	50085896970649
Unit quantity	5

Shipping Information

Country of origin	CN
Minimum Order Quantity	5
Warranty Period	24
